

# Chicago AHR EXPO 2018 Recap

The 2018 AHR EXPO in Chicago had approximately 72,000 attendees from more than 169 countries. The Expo had 49,995 total visitors, 2,155 exhibiting companies, and 534,080 square feet of exhibiting space.

The MEPCO booth saw strong traffic, with majority of our rep groups stopping by to say hello and get caught up on the latest company news. We really appreciate who could make it to the show and stop at the booth.

Thank you all for a great 2017 and we hope for everyone's continued success in 2018.
