Phone Number Changes

December 29, 2010

Grand Rapids, Michigan – Along with our move this past fall came relocation to a different telephone exchange. That means a new local telephone number and fax number for us.

Effective January 1, 2011, our new main voice telephone number will be

616-971-3420

and our new fax number will be

616-971-3421.

Please note that our existing toll-free number of 800-516-2321 will remain the same.

Our internal four-digit telephone extensions will also remain the same.

If you call the old number after January 1 your call will still be forwarded to MEPCO. Beginning February 1, we will put a recording in place to let you know the telephone numbers have changed.

Thank you for your cooperation.

MEPCO wishes all our vendors and customers a prosperous and healthy 2011!
